

The Transfection Experts

Cell Lines Successfully Transfected At Mirus Using *TransIT*[®]-mRNA Transfection Kit

Cell Line	Description
A549	Human lung carcinoma cell line
CHO-K1	Chinese hamster ovary cell line
COS-7	Monkey kidney fibroblast-like cell line
HEK-293	Human embryonic kidney cell line
HeLa	Human cervix adenocarcinoma
HepG2	Human hepatocellular carcinoma cell line
NIH 3T3	Mouse embryonic fibroblast cell line
Vero	Monkey kidney epithelial cell line
